LED MAXI Holster: rear   LED MAXI Holster: use case   LED MAXI Holster

Description

Robust holster for secure and protected storage of flashlights up to a length of 17 cm.
Padded main compartment with Velcro fastener protects flashlight against loss and damage.
A plastic ring at the bottom of the compartment prevents flashlights with push-button switch at bottom from turning on accidentally while stowed inside the holster.
Two elastic loops at the outside can be used to store batteries or pens (up to 13 cm length).

The holster can be attached to a belt or jacket with the 25mm wide strap – secured with a snap fastener.

Features:
- main compartment for flashlight
- 2 elastic strips
- belt loop with metal snap fastener
- suitable for flashlights with length from 13 to 17 cm

Scope of delivery

Holster without further or pictured supplies
